

“No-Idling” Signs and Outreach Materials – How to Order

The New Hampshire Department of Environmental Services has developed the following signs for posting at schools, businesses, and other organizations to promote “No Idling” policies and/or establish “Idle Free/Clean Air Zones.” The sizes are described and pictured here.

Small 12" x 18"
\$20.40*

Medium 18" x 24"
\$30.60*

Large 36" x 30"
\$69.00*

*Prices as of November, 2008

Small (12 by 18 inches) and medium (18 by 24 inches) signs are ideal for schools, businesses, municipal facilities, hospitals, local stores, parking areas, and any public locations. The small signs should only be used in short-distance areas (< 20 feet) as they are not noticeable at longer distances.

Large signs (36 by 30 inches) are designed for truck stops, large rest areas and information centers, and parking areas. Two styles are available: one pictured above and one with “Thank You for Not Idling” as the text.

Signs may be obtained from **DES** at no charge, depending upon available funding, (contact Barbara at **271-1390**) or purchased from the **N.H. Correctional Industries Sign Shop** (contact Alan at **271-1874**). All signs are metal and have two holes for mounting on posts or directly on buildings. It is the recipient’s responsibility to mount and maintain the signs.

DES has other outreach materials available free of charge. Types of materials include:

Tip Cards for:

Truck Drivers – “You Hold the Key”

School Bus Drivers – “School Bus Drivers Can Make a Difference”

General Public – “Be Part of the Idling Reduction Solution” (3 varieties)

Bookmarks: “School Idle-Free Zones – Parents/Teachers/Bus Drivers”

Dashboard Stickers: “Please Turn Engine Off”

Flyers: “Want to Help Keep Your Community (or School Community) Healthy? Be a Clean Air Zones!”

Sample Newsletter Articles: School Officials and Communities (GreenWorks and for Recycling Centers)

School Bus Newsletters: School Officials and School Bus Providers (September 2004, December 2005, Fall 2007)

Sample Idling Policies (for municipalities, hospitals, and ski areas)

Idling Guidelines (for town trucks and school buses)

Pledge Cards (for work place/community and school district)

EPA materials: School Bus Idling; Truck and Bus Engine Idling

Contact Kathleen Brockett at the N.H. Department of Environmental Services (271-6284 or Kathleen.Brockett@des.nh.gov) if you are interested in learning more about these outreach materials.
